Investment Policy

The investment objective of the fund is to achieve long-term capital appreciation by investing in companies which are listed in Vietnam or have their core business in Vietnam. The investment selection process screens for undervalued and high-growth companies with good corporate governance, ESG integration and a focus on Vietnam's growth drivers. The main focus is on small to medium caps with strong growth potential, but with tactical allocation to large caps. The investments are constantly monitored by our local partner in Vietnam.

The fund is managed in accordance with strict UCITS investment guidelines.
